

# ABS SEXATION™

## Sex Sorted Semen

- Create 90% females\*
- Reduce disease risk from purchased replacements
- Control replacement heifer costs

Grasp control of your heifer replacement program with ABS SEXATION. You now have the opportunity to **Grow from Within™** using the extensive ABS proven sire line-up.

ABS SEXATION is produced at ABS Global headquarters using the highest quality flow cytometry standards available.

\* 90% female sperm in each straw

*Visit with your local ABS Representative to learn more about  
ABS SEXATION and GROW from Within™.*
